

Winter

By Chloe

I love winter because it is a time
for snow!

In winter, I like to have snowball fights, make a snowman and snow angels and throw snowballs at my dog!

When I throw snowballs at my dog,
she tries to eat it.

When I throw snowballs at my
sister, she throws one at me!

When I make snowmen, my sisters
will help.

It is fun to get the snow in my hair
when I make snow angels.

But I really like winter because of the snowflakes. I like to catch them on my tongue.

Winter is the best season!
